Prophetic Intercession

22.-25.August 2024

with Cyril John, Leader of CHARIS Intercession Commission

Prophetic intercession, identifies with the concerns and heart of God. Inspiration is received by the Holy Spirit. The secret of prophetic intercession is to place oneself willingly at the Lord's disposal and to feel His heartbeat for the people and for the world. (Bishop Turnovsky)

Through prayer according to His will, God can act through us and realise His good plan. In addition to sound teaching, you can expect practical training. Both individuals and groups can put the impulses into practice.
